#### 2016-2017 Budget Message

April 27, 2016

To the Mayor, the Board of Trustees and the residents of the Village of Suffern, New York:

#### Introduction

In accordance with Section 5-508 of Village Law, submitted herewith are the budgets for the General Fund (including the Curbside Solid Waste District and the Container Solid Waste District), the Water Fund, the Sewer Fund and the Debt Service Fund, for the fiscal year ending May 31, 2017 (the 2016-2017 fiscal year) as adopted by the Village Board on April 27, 2016, and various supporting schedules. Also included in this document is a list of recommended capital projects to be undertaken in the 2016-2017 fiscal year. No spending or encumbrances against any of the projects on this list is not authorized until and unless the Village Board adopts one or more resolutions to undertake the project(s) and establish the necessary project(s) budget appropriations and estimated revenues.

Budget preparation worksheets and instructions were distributed to department heads in January 2016 and returned to the Treasurer's Office during the month of February 2016. Public hearings on the tentative budget, the 2016-2017 water rates and sewer rents, and a local law to override the 2016-2017 real property tax levy limit ("tax cap") was held on April 11, 2016. As a result of those public hearings and at that same meeting, the Village Board adopted the 2016-2017 water rates, the 2016-2017 sewer rents, and a local law to override the 2016-2017 tax cap.

The New York State Office of State Comptroller reviewed the 2016-2017 Tentative Budget and issued a report dated April 20, 2016 (OSC Report No. Report Number: B6-16-8), wherein it found that "...the significant revenue and expenditure projections in the tentative budget are reasonable..." The report also found that the tax levy proposed in the 2016-2017 Tentative Budget complied with the tax cap.

The Village began on a path to return the Village to fiscal stability in April 2015 with the adoption of the current (2015-2016) fiscal year budget. Continuous monitoring of expenditures and revenues is an extension of that process that allows us to adjust to significant variances from the spending plans we adopted. We are developing a multi-year capital improvement plan, so that we can acquire the necessary capital assets when needed and finance them in a manner that spreads the cost over time.

Unless otherwise noted, all comparisons presented in this document are to the budgets as adopted for the 2015-2016 fiscal year. This budget message presents a high-level summary of the comparative detail information on estimated revenues and appropriations found elsewhere throughout this document.

#### **General Fund**

The General Fund is the major operating fund of the Village, and includes all accounts that would not otherwise be required to be kept in another fund. General Fund appropriations will decrease \$2,533)

and revenues other than property taxes are estimated to increase \$147,509 (6.1%) from \$2.4 million to \$2.6 million. As a result, the real property tax levy will decrease \$150,042 (1.4%) from \$10.5 million to \$10.4 million. Together with a \$7.5 million (5.1%) reduction in taxable assessed valuations (from \$146.4 million to \$138.9 million), the 2016-2017 real property tax rate will increase from \$72.02 to \$74.84 (3.9%) per \$1000 taxable assessed valuation. The real property tax rate changes approximately one percent (1%) for every \$97,000 change in estimated revenue or appropriation and for every \$1.3 million change in taxable assessed valuation.

It should be noted that had our taxable assessed values remained the same, the tax rate presented would have actually decreased 1.5% to \$70.99 per \$1,000 taxable assessed valuation. It can be said that the \$5 million reduction in taxable assessed value of Novartis accounts for almost all of the 2016-2017 tax rate increase.

#### **Solid Waste Districts**

The Curbside Solid Waste District provides residential refuse and recycling services to residents of the Village, other than those living in condominiums and cooperative apartments ("co-ops"). Costs of operating the Curbside Solid Waste District increase \$4,872 from \$900,342 to \$905,214 and estimated revenues from the sale of recyclables remains the same at \$21,000. As a result, the annual service charge per unit will increase \$2 (1.5%) from \$458 to \$460.

The Container Solid Waste district provides residential refuse and recycling services to residents living in condominiums and co-ops. The 2016-2017 Adopted Budget of \$299,130 for services to 1,722 units results in an annual rate of \$174 per unit, which is an eight dollar decrease in the per unit charge compared to the 2015-2016 Adopted Budget.

#### Water Fund

The Water Fund accounts for the activities of the Village's drinking water treatment and distribution system. Total costs of operating the Water Fund will increase approximately \$37,125 (1.9%) and estimated revenues other than water rents will increase \$6,020 from \$13,500 to \$19,520. Total units of water sold are estimated to decrease by 20,000 units due to the loss of Novartis. The net \$31,105 to be raised from water rents, together with the loss of units to be sold will result in a 5.3% increase in water rates.

#### Sewer Fund

The Sewer Fund accounts for the activities of the Village's sanitary sewer treatment plant and collection system. Total costs of operating the Sewer Fund will decrease \$1.1 million from \$3 million to \$1.9 million and total estimated revenues other than sewer rents will decrease \$1.3 million to a nominal amount of \$25,989. These significant changes in estimated revenues and appropriations represent the \$1.2 million payment in 2015-2016 of two bond anticipation notes with proceeds from the issuance of a 2015 serial bond in the same amount. The debt service (principal and interest payments) on the 2015 serial bond and anticipated debt service on the 2016 deficit financing serial bond increase the total debt service payments by \$265,000. The 2016-2017 Sewer Fund budget assumes an 8,000 unit loss due to the departure of Novartis. The combined effect of the increased appropriations, together with the loss of unit sales, results in a 14.1% increase in sewer rates.

#### **Debt Service Fund**

The Debt Service Fund is used to accumulate the resources (money) necessary to meet the required payments of principal and interest (debt service) on outstanding serial bonds. Debt service requirements for 2016-2017 will increase \$583,686 from \$591,271 to \$1.2 million. New debt service on the 2015 sewer bonds increased debt service by \$86,000 while the new 2016 deficit financing bonds add \$506,000 to debt service. These increases are slightly offset by decreases in the debt service on the outstanding 2007 and 2012 serial bonds. Debt service payments are funded by transfers in from the General, Water and Sewer funds.

#### **Capital Projects**

The Village is in the process of establishing a formal policy and multi-year capital improvement plan for capital projects. For the most part, capital projects account for the acquisition of long-lived, expensive assets (capital assets) such as buildings, facilities, major pieces of equipment and vehicles, and infrastructure (roads, sidewalks, water and sewer systems, etc.). The capital improvement plan will provide for the planned and orderly acquisition and replacement of capital assets over time, and the financing of such assets with a planned mix of current funds, debt and grants in aid.

The \$1.1 million of capital projects listed in this document represent assets that are expected to last at least three years and that New York State Local Finance Law allows the issuance of debt to finance the cost of those assets. Debt is the proposed source of funding for all of the capital projects listed, except for the street improvements, which can be funded by New York State Consolidated Highway Improvement Program ("CHIPS") funds. It is important to note that no person representing the Village is legally authorized to expend, or commit the Village to expend, money on any project until the necessary resolutions to establish project budgets and funding, including but not limited to bond resolutions, are adopted by the Village Board.

#### Short- and Long-Term Debt

Included as separate schedules is information on the Village's short- and long-term debt. Short-term debt outstanding at the date of this publication includes bond anticipation notes (BANs) and installment purchase contracts (also known as "capital leases"). The only long-term debt issued by the Village are general obligation ("GO") serial bonds backed by the full faith and credit of the Village.

On March 31, 2016 the Village issued long-term (10 year) general obligation serial bonds to liquidate deficits in the General, Water, Sewer and Capital Projects funds outstanding at May 31, 2015. The legislation for this deficit financing requires, among other things, that while such bonds are outstanding, the Village file quarterly reports to the Office of State Comptroller (OSC). The legislation also requires the Village to submit a copy of each annual tentative budget to the OSC for review and to incorporate any changes recommended by the OSC. Additionally, the legislation requires that the Village submit to OSC for review and approval any plans for borrowing before adopting the borrowing resolutions. In short, there will be significant and continuous oversight over the Village's financial operations for at least as long as the deficit bonds are outstanding. As noted earlier, the OSC issued a report on April 20, 2016, which indicated that the estimated revenues and appropriations presented in the 2016-2017 Tentative Budget were reasonable and that the tax rate presented in that document was within the tax cap. A copy of this 2016-2017 Adopted Budget will be filed with the OSC as well.

We believe that the long-term deficit financing, combined with several other measures that we are putting into place to address our financial situation, and the strong oversight of the OSC, will lead us back to financial well-being. This process will take several years, and much will depend on our willingness and ability to establish and maintain sound budgeting and financial practices.

#### Real Property Tax Levy Limit

On June 24, 2011 the real property tax levy limit ("tax cap") was signed into law as Chapter 97 of the New York State Laws of 2011. The tax cap law establishes a limit on the annual growth of real property taxes levied by the Village to two percent or the rate of inflation, whichever is less. There are limited, narrow exclusions to the tax cap, including certain costs of significant judgments arising out of tort actions and unusually large year-to-year increases in pension contribution rates. The tax levy cannot exceed the cap unless 60 percent of the total voting power of the Village Board (at least three affirmative votes) adopt a local law to override the tax cap. It is important to note that the tax cap is on the tax *levy* (the amount to be raised in real property taxes), and not the tax *rate* (the amount to be raised in real property taxes divided by the total taxable assessed value of the Village).

On April 11, 2016, the Village Board adopted a local law to override the 2016-2017 tax cap, to ensure compliance with the tax cap law in the event that the tax levy in the adopted budget were to exceed the tax cap. The aforementioned OSC review of the 2016-2017 Tentative Budget determined that the tax levy presented in the 2016-2017 Tentative Budget was within the tax cap. The tax levy presented in the 2016-2017 Adopted Budget is below that of the 2016-2017 Tentative Budget. As such, the Village Board, at its discretion, can elect to rescind the local law adopted on April 11, 2016 to override the 2016-2017 tax cap.

#### <u>Acknowledgements</u>

We thank the department heads and employees of the Village who helped prepare the tentative budget, the Office of State Comptroller for their review and consideration of the tentative budget, and the Mayor and Board of Trustees for their ardent work in transforming the tentative budget into this adopted budget. Most of all, we thank the residents and businesses of the Village of Suffern for their contributions to making our community the wonderful place it is to live, work and enjoy.

Respectfully submitted,

/s/ Michael A. Genito Michael A. Genito Village Treasurer
