Village of Suffern, New York

# 2024-2025 Budget Message

April 30, 2024

To the Mayor, the Board of Trustees, the residents and businesses of the Village of Suffern, New York:

#### Introduction

In accordance with Section 5-508 of Village Law and as adopted by the Village Board on April 29, 2024, submitted herewith are the budgets for the General Fund, the Water Fund, the Sewer Fund, and the Debt Service Fund for the fiscal year ending May 31, 2025 (the 2024-2025 fiscal year).

Also included in this document are various supporting schedules, a listing of proposed capital projects, calculations of tax and debt limits, and the Comprehensive Financial Policies of the Village of Suffern. No spending or encumbrance for any proposed capital project is authorized until and unless the Village Board adopts one or more resolutions to undertake the project, identifies and secures the source(s) of financing for said project, and establishes the necessary project budget (estimated revenues and appropriations).

Budget preparation worksheets and instructions were distributed to department heads in January 2024 and returned to the Treasurer's Office in February. A tentative budget was presented by the Mayor to the Village Clerk, distributed to the Board of Trustees by the Village Clerk, and made available on the Village website on March 4, 2024. A public hearing on the tentative budget and a public hearing on the proposed 2024-2025 water and sewer rates was held on April 15, 2024.

At the Village Board meeting of April 29, 2024, the Village Board adopted amendments to the 2024-2025 tentative budgets for the General Fund, the Water Fund, and the Sewer Fund, and adopted the 2024-2025 budgets for those funds plus the Debt Service Fund. The adoption of the 2024-2025 budgets included the associated real property tax rate, the Curbside and Container districts solid waste rates, the water and sewer rates, and the Village's Comprehensive Financial Policies.

Continuous monitoring of expenditures and revenues is an extension of the process that allows us to adjust to significant variances from the budgets as originally adopted. Unless otherwise noted, all comparisons presented in this document are to the budgets as adopted for the 2023-2024 fiscal year.

#### Contingency

The General Fund, Water Fund, and Sewer Fund budgets include amounts for contingency. Because budgeting is not an exact science, the Village is authorized to include an amount in its budget for unforeseen circumstances. This amount is referred to as the contingency, or contingent account. Should the amount in the contingent account not be needed, the unused amount would simply increase fund balance at the close of the fiscal year. It is the position of the Village Board and Village Treasurer that

these contingencies are appropriate and necessary to provide for unanticipated increases in expenditures and/or decreases in major revenues.

#### Office of the State Comptroller Budget Review

Chapter 99 of the Laws of 2015 authorized the Village to issue the Village's 2016 Serial Bonds to liquidate the accumulated deficits in the Village's General, Water, Sewer, and Capital Projects funds as of May 31, 2015. New York State Local Finance Law Section 10.10 requires the Village to submit to the State Comptroller, for each fiscal year during which the deficit obligations are outstanding, the Village's tentative budget for the forthcoming fiscal year. The scheduled principal and interest payments end in the fiscal year ending May 31, 2026. The bonds maturing on or after March 15, 2025, are subject to optional redemption prior to maturity ("callable").

On April 12, 2024, the Office of the State Comptroller (OSC) published its report on the OSC review of the 2024-2025 Tentative Budget (Report No. B24-6-3), which was posted to the <u>OSC website</u> and the <u>Village</u> <u>of Suffern website</u> that same day. The OSC determined that, "Based on the results of our review, we found that the significant revenue and expenditure projections contained in the tentative budget were reasonable."

#### General Fund

The General Fund is the major operating fund of the Village and includes all accounts that would not otherwise be required to be kept in another fund. General Fund appropriations will increase \$687,784 (4.3%) from \$16.2 million to \$16.8 million and revenues other than property taxes will increase \$275,517 (6.8%). As a result, the real property tax levy will increase \$412,267 (3.4%).

Together with a \$4.54 million (3.4%) increase in taxable assessed valuation of real property, the 2024-2025 real property tax rate will remain the same at \$91.09 per \$1,000 taxable assessed valuation (a zero percent tax rate increase). The real property tax rate changes approximately one percent (1%) for every \$125,000 change in estimated revenue or appropriation and for every \$1.38 million change in taxable assessed valuation.

Village taxes for the year on a single-family home with the median taxable assessed value of \$41,100 are estimated to remain the same at \$3,744.

#### Solid Waste Districts

The Curbside Solid Waste District provides residential refuse and recycling services to residents of the Village, other than those living in condominiums, cooperative apartments ("co-ops") and apartments. Costs of operating the Curbside Solid Waste District increase \$93,119 (8.3%), primarily due to increases in solid waste disposal fees and allocated health insurance costs. The number of units increases by one unit from 1,870 to 1,871, resulting in an annual service charge per unit increase from \$602 to \$651.

The Container Solid Waste district provides residential refuse and recycling services to residents living in condominiums and co-ops. The \$426,753 required for services to 1,723 units increases annually from \$207 to \$248 per unit. These services are provided by an independent refuse and recycling contractor under a competitively bid two-year agreement ending May 31, 2026, with an option available to the carter to

extend the agreement with approval by the Village Board at the same terms and conditions for an additional two years.

#### Water Fund

The Water Fund accounts for the activities of the Village's drinking water treatment and distribution system. Total costs of the Water Fund will increase \$73,418 (3.2%) primarily due to increased costs associated with water treatment chemicals. Estimated revenues other than water rents will decrease \$12,000. It is estimated that the annual cost of water for the average single-family home will increase by \$2.17 per month.

#### Sewer Fund

The Sewer Fund accounts for the activities of the Village's sanitary sewer treatment plant and collection system. Total costs of operating the Sewer Fund will increase \$318,473 (10.8%), primarily due to increased costs associated with wastewater treatment chemicals and the principal and interest to be paid on a bond anticipation note. Total estimated revenues other than sewer rents are estimated at \$20,000. It is estimated that the annual cost of sewer service for the average single-family home will increase by \$8.67 dollars per month.

#### Debt Service Fund

The Debt Service Fund is used to accumulate the resources (money) necessary to meet the required payments of principal and interest (debt service) on outstanding serial bonds. By law, the only long-term debt issued by the Village are general obligation ("GO") serial bonds backed by the full faith and credit (taxing power) of the Village. Debt service payments for this long-term debt are funded by transfers in from the General, Water and Sewer funds. Debt service requirements for 2024-2025 will increase \$9,473 (0.9%) from \$1,078,087 to \$1,087,560.

#### Capital Projects

The \$3.8 million list of proposed capital projects represents assets that have a value of at least \$15,000 with an estimated life of at least three years. The proposed source of funding is subject to change based on the availability of grants and aid or other resources. It is important to note that no person or entity is legally authorized to expend, or commit the Village to expend, money on any project until the necessary resolutions to establish the project budget and financing source(s) are adopted by the Village Board.

#### Short- and Long-Term Debt

Included as separate schedules is information on the Village's short- and long-term debt. Short-term debt outstanding at the date of this publication includes a bond anticipation note with the New York State Environmental Facilities Corporation and an installment purchase contract.

#### Real Property Tax Levy Limit

General Municipal Law Section 3-c establishes a limit on the annual growth of real property taxes levied by the Village to two percent or the rate of inflation, whichever is less ("tax cap"). There are limited, narrow exclusions to the tax cap, including certain costs of significant judgments arising out of tort actions and unusually large year-to-year increases in pension contribution rates. The tax levy cannot exceed the cap unless 60% of the total voting power of the Village Board (at least three affirmative votes) adopt a local law to override the tax cap. It is important to note that the tax cap is on the tax *levy* (the amount to be raised in real property taxes), and not the tax *rate* (the amount to be raised in real property taxes) and not the tax *rate* (the amount to be raised in real property taxes).

The 2024-2025 tax levy, as adopted on April 29, 2024, is \$254,357 below the tax levy limit.

#### **Acknowledgements**

We thank the department heads and employees of the Village who helped prepare the tentative budget, the Office of State Comptroller for their review and consideration of the tentative budget, and the Mayor and Board of Trustees for their ardent work in transforming the tentative budget into this adopted budget. Most of all, we thank the residents and businesses of the Village of Suffern for their contributions to making our community the wonderful place it is to live, work and enjoy.

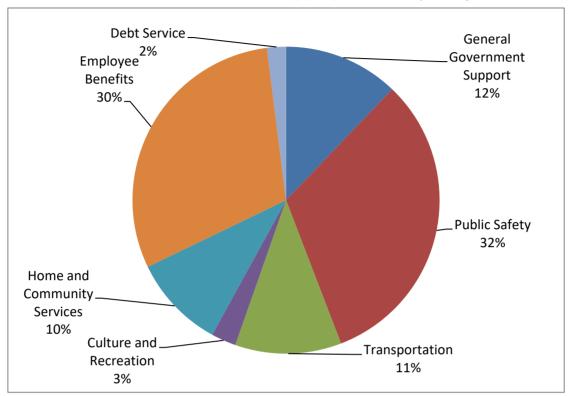

Respectfully submitted,

<u>/s/ Michael A. Genito</u> Michael A. Genito Village Treasurer

## Village of Suffern, New York

# Comprehensive Financial Policy Document

As Adopted by the Village Board of Trustees April 29, 2024 THIS PAGE INTENTIONALLY LEFT BLANK

#### *Village of Suffern* 61 Washington Avenue, Suffern, New York 10901 Telephone: (845) 357-2600 · Fax: (845) 357-0649 www.suffernny.gov

## Letter of Transmittal

April 29, 2024

To the Honorable Mayor and Village Board of Trustees of the Village of Suffern, New York:

Submitted herewith is the Village of Suffern Comprehensive Financial Policy Document, which incorporates all of the financial management policies adopted by the Village Board.

These policies will be reviewed on a regular basis, and where necessary, updated to reflect changes in law or generally accepted accounting principles. These policies may also be updated to enhance our understanding and implementation of sound financial practices, or in response to changes and events that may affect our financial health.

We believe that the financial policies contained in this document represent the best practices of governmental financial management. Adhering to these policies will help to ensure that we maximize our revenues, minimize our expenditures/expenses, preserve the safety of our public funds and maintain a strong position in the financial community.

Your adoption of this Comprehensive Financial Policy Document confirms our commitment to financial excellence, full disclosure and responsible financial management.

Respectfully submitted, VILLAGE OF SUFFERN

ital 6 Sent

Michael A. Genito Village Treasurer

## Introduction

The Village of Suffern (Village) has an important responsibility to carefully account for public funds, to manage municipal finances wisely and to plan and provide for the adequate funding of public facilities and services. The financial goals and policies set forth in this document are intended to establish guidelines for the strength and stability of the Village. They will be reviewed at least annually and amended as necessary.

#### Financial Goals

Financial goals are broad, timeless statements of the financial position the Village seeks to attain. The financial goals for the Village are:

- To provide full value for each tax dollar by delivering quality services efficiently and on a cost- effective basis.
- To preserve our quality of life by providing and maintaining adequate financial resources necessary to sustain a sufficient level of municipal services, and to respond to changes in the economy, the priorities of governmental and non-governmental organizations, and other changes that may affect our financial well-being.
- To maintain a strong credit rating in the financial community.

#### **Financial Policies**

Financial policies support financial goals. They are general statements that guide decisionmaking in specific situations, to ensure that a decision will contribute to the attainment of the financial goals. Federal and state laws, rules, and regulations, our Village Code, and generally accepted accounting principles promulgated by the Governmental Accounting Standards Board (GASB) and the Best Practices/Advisories of the Government Finance Officers Association of the United States and Canada (GFOA) govern our financial policies and processes.

## **Budget Policy**

Article 5 of the New York State Village Law, sound financial practices and the desire to maintain a strong credit rating dictate that our budgets be balanced, constantly monitored, and responsive to changes in service demands. With these concepts in mind, the Village has adopted the following budget policy statements:

- Annual operating budgets will be adopted for the General Fund, Water Fund, Sewer Fund and Debt Service Fund. Project-length budgets will be adopted for all capital projects.
- Annual operating budgets will be adopted on a balanced basis, where total estimated revenues equal total appropriations.
- The Village will adopt an annual budget for the General Fund that includes a contingency equal to at least 1%, but no more than 10%, of total General Fund appropriations, not including such contingency. This contingency will be used to provide for expenditures that exceed, or revenues that do not meet, budget estimates, and/or for new or increased program requirements required by law or approved by Village Board resolution.
- Unassigned fund balance may be appropriated as part of the adopted budget to fund capital, debt, emergency, or unusual and non-recurring expenditures/expenses. Fund balance should not be used to fund recurring expenditures/expenses.
- One-time revenues that are not required by law or agreement to be expended for a specific purpose will only be used to fund capital, debt, emergency, or unusual and non-recurring expenditures/expenses. One-time revenues are major revenues that are not likely to recur on a regular basis.
- The Village will seek to stay within the New York State real property tax levy limit (tax cap).

The Village's fiscal year begins on June 1 and ends on May 31. The Village follows the budget calendar and process as specified in Article 5 of New York State Village Law:

The budget officer notifies the heads of administrative units in writing of the	
necessity for and form of estimates of revenues and expenditures for the	
ensuing fiscal year. (Village Law Section 5-502[1])	By February 8th
The heads of administrative units submit estimates to the budget officer. (Village	By robradiy our
Law Section 5-502[2])	By March 1st
	by Waron Tot
The budget officer prepares the tentative budget, furnishes a copy to each	
member of the board of trustees, reproduces copies for public distribution and	
files the tentative budget with the village clerk. (Village Law Section 5-504)	By March 20th
The village clerk presents the tentative budget to the board of trustees and the	
board reviews and modifies the tentative budget. (Village Law Section 5-508[1])	By March 31st
Notice of public hearing on tentative budget; at least five days shall elapse	
between first publication and date specified for the hearing, which is to be held	
not later than. (Village Law Section 5-508[3])	April 15th
Public hearing may be adjourned from day to day, but not beyond.	
(Village Law Section 5-508[3])	April 20th
	After public hearing
Final revision of tentative budget. (Village Law Section 5-508[4])	but prior to adoption
Adoption of budget. (Village Law Section 5-508[4])	By May 1st

The legal level of control refers to the level at which management can reassign appropriations without governing board approval. The Office of the State Comptroller requires that budgets must be adopted at a minimum level of function and object of expenditure/expense. The Village Treasurer is authorized to transfer funds within the same function and object of expenditure/expense. A Village Board resolution is required to transfer funds among or between objects of expenditure/expense, or to increase or decrease total estimated revenues or appropriations. No appropriation may be reduced below any amount required by law to be appropriated or by more than the amount of the available balance thereof.

## **Investment Policy**

#### <u>Scope</u>

This investment policy applies to all money and other financial resources available for deposit and investment by the Village on its own behalf or on behalf of any other entity or individual.

#### **Objectives**

The primary objectives of the local government's investment activities are, in priority order:

- 1. To conform with all applicable federal, State and other legal requirements (legality);
- 2. To adequately safeguard principal (safety);
- 3. To provide sufficient liquidity to meet all operating requirements (liquidity) and
- 4. To obtain a reasonable rate of return (yield).

#### **Delegation of Authority**

The governing board's responsibility for administration of the investment program is delegated to the Village Treasurer, who shall establish written procedures for the operation of the investment program consistent with this investment policy. Such procedures shall include internal controls to provide a satisfactory level of accountability based upon records incorporating the description and amounts of investments, the fund(s) for which they are held, the place(s) where kept and other relevant information, including dates of sale or other dispositions and amounts realized. In addition, the internal control procedures shall describe the responsibilities and levels of authority for key individuals involved in the investment program.

#### Prudence

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Village to govern effectively.

Investments shall be made with prudence, diligence, skill, judgment, and care, under circumstances then prevailing, which knowledgeable and prudent persons acting in like capacity would use, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program or which could impair their ability to make impartial investment decisions.

#### **Diversification**

It is the policy of the Village to diversify its deposits and investments by financial institution, by investment instrument, and by maturity scheduling.

The Village Board of Trustees shall establish appropriate limits for the amounts that can be deposited or invested with each financial institution or dealer and shall evaluate this listing at least annually.

#### Internal Controls

It is the policy of the Village for all moneys collected by any officer or employee of the Village to transfer those funds to the Village Treasurer within one business day of receipt of such moneys by that officer or employee, or within the time period specified in law, whichever is shorter.

The Village Treasurer is responsible for establishing and maintaining internal control procedures to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization, properly recorded, and managed in compliance with applicable laws and regulations.

#### **Designation of Depositaries**

The banks and trust companies that are authorized for the deposit of money, and the maximum amount which may be kept on deposit at any time, are presented in Schedule A attached hereto and made part of this Investment Policy.

#### Securing Deposits and Investments

All deposits and investments at a bank or trust company, including all demand deposits, certificates of deposit and special time deposits (hereinafter, collectively, "deposits") made by officers of the Village that are in excess of the amount insured under the provisions of the Federal Deposit Insurance Act, including pursuant to a Deposit Placement Program in accordance with law, shall be secured by one or more of the following:

- A pledge of "eligible securities" with an aggregate "market value" (as provided by Section 10 of the General Municipal Law) that is at least equal to the aggregate amount deposited by the officers. See Schedule A of this Investment Policy for a listing of "eligible securities."
- A pledge of a pro rata portion of a pool of eligible securities, having in the aggregate a market value at least equal to the aggregate amount deposited from all such officers within New York State at the bank or trust company.
- An "eligible surety bond" payable to the Village for an amount at least equal to 100 percent of the aggregate amount deposited and the agreed-upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two nationally recognized statistical rating organizations. The Village Board of Trustees shall approve the terms and conditions of the surety bond.
- An "eligible letter of credit," payable to the Village as security for the payment of 140 percent of the aggregate amount of deposits and the agreed-upon interest, if any. An "eligible letter of credit" shall be an irrevocable letter of credit issued in favor of the Village, for a term not to exceed 90 days, by a qualified bank (other than the bank where the secured money is deposited). A qualified bank is either one whose commercial paper and other unsecured short-term debt obligations (or, in the case of a bank which is the principal subsidiary of a holding company, whose holding company's commercial paper and other unsecured short-term debt obligations) are rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization, or one that is in compliance with applicable federal minimum risk-based capital requirements.

 An "irrevocable letter of credit" issued in favor of the Village by a federal home loan bank whose commercial paper and other unsecured short-term debt obligations are rated in the highest rating category by at least one nationally recognized statistical rating organization, as security for the payment of 100 percent of the aggregate amount of deposits and the agreed-upon interest, if any.

#### Collateralization and Safekeeping

Eligible securities used for collateralizing deposits made by officers of the Village shall be held by (the depositary or a third party) bank or trust company subject to security and custodial agreements.

The security agreement shall provide that eligible securities (or the pro rata portion of a pool of eligible securities) are being pledged to secure such deposits together with agreed-upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon a default. It shall also provide the conditions under which the securities (or pro rata portion of a pool of eligible securities) held may be sold, presented for payment, substituted or released and the events of default which will enable the local government to exercise its rights against the pledged securities.

In the event that the pledged securities are not registered or inscribed in the name of the Village, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the Village or the custodial bank or trust company. Whenever eligible securities delivered to the custodial bank or trust company are transferred by entries on the books of a federal reserve bank or other book-entry system operated by a federally regulated entity without physical delivery of the evidence of the obligations, then the records of the custodial bank or trust company shall be required to show, at all times, the interest of the local government in the securities (or the pro rata portion of a pool of eligible securities) as set forth in the security agreement.

The custodial agreement shall provide that pledged securities (or the pro rata portion of a pool of eligible securities) will be held by the custodial bank or trust company as agent of, and custodian for, the Village, will be kept separate and apart from the general assets of the custodial bank or trust company and will not be commingled with or become part of the backing of any other deposit or other bank liability. The agreement shall also describe how the custodian shall confirm the receipt, substitution or release of the collateral and it shall provide for the frequency of revaluation of collateral by the custodial bank or trust company and for the substitution of collateral when a change in the rating of a security causes ineligibility. The security and custodial agreements shall also include all other provisions necessary to provide the Village with a perfected security interest in the eligible securities and to otherwise secure the local government's interest in the collateral and may contain other provisions that the governing board deems necessary.

#### Permitted Investments

As provided by Section 11 of the General Municipal Law, the Village Board of Trustees authorizes the Village Treasurer to invest moneys not required for immediate expenditure for terms not to exceed its projected cash flow needs in the following types of investments:

- Special time deposit accounts in, or certificates of deposit issued by, a bank or trust company located and authorized to do business in the State of New York;
- Through a Deposit Placement Program, certificates of deposit in one or more "banking institutions", as defined in Section 9-r of the Banking Law;

- Obligations of the United States of America;
- Obligations guaranteed by agencies of the United States of America, where the payment of principal and interest are guaranteed by the United States of America;
- Obligations of the State of New York;
- With the approval of the State Comptroller, obligations issued pursuant to Sections 24 or 25 of the Local Finance Law (i.e., Tax Anticipation Notes and Revenue Anticipation Notes) by any municipality, school district or district corporation in the State of New York other than the Village; and
- Obligations of the (unit of government,), but only with moneys in a reserve fund established pursuant to Sections 6-c, 6-d, 6-e, 6-f, 6-g, 6-h, 6-j, 6-k, 6-l, 6-m, or 6-n of the General Municipal Law.

All investment obligations shall be payable or redeemable at the option of the Village within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable in any event at the option of the Village within two years of the date of purchase. Time deposit accounts and certificates of deposit shall be payable within such times as the proceeds will be needed to meet expenditures for which the moneys were obtained and shall be secured as provided for in this Investment Policy.

Except as may otherwise be provided in a contract with bondholders or noteholders, any moneys of the Village authorized to be invested may be commingled for investment purposes, provided that any investment of commingled moneys shall be payable or redeemable at the option of the Village within such time as the proceeds shall be needed to meet expenditures for which such moneys were obtained, or as otherwise specifically provided in Section 11 of the General Municipal Law. The separate identity of the sources of these funds shall be maintained at all times and income received shall be credited on a pro rata basis to the fund or account from which the moneys were invested.

Any obligation that provides for the adjustment of its interest rate on set dates is deemed to be payable or redeemable on the date on which the principal amount can be recovered through demand by the holder.

#### Authorized Financial Institutions and Dealers

All financial institutions and dealers with which the Village transacts business shall be creditworthy, and have an appropriate level of experience, capitalization, size and other factors that make the financial institution or the dealer capable and qualified to transact business with the Village. The Village Treasurer shall evaluate the financial position and maintain a listing of proposed depositaries, trading partners, and custodians. Recent Reports of Condition and Income (call reports) shall be obtained for proposed banks, and security dealers that are not affiliated with a bank shall be required to be classified as reporting dealers affiliated with the New York Federal Reserve Bank, as primary dealers.

The Village shall maintain a list of financial institutions and dealers approved for investment purposes and establish appropriate limits to the amounts of investments that can be made with each financial institution or dealer.

#### Purchase of Investments

The Village Treasurer is authorized to contract for the purchase of investments directly from an authorized trading partner and/or by participation in a cooperative investment agreement with other authorized municipal corporations pursuant to Article 5-G of the General Municipal Law and in accordance with Article 3-A of the General Municipal Law.

All purchased obligations, unless registered or inscribed in the name of the Village, shall be purchased through, delivered to and held in the custody of a bank or trust company. Such obligations shall be purchased, sold or presented for redemption or payment by such bank or trust company only in accordance with prior written authorization from the officer authorized to make the investment. All such transactions shall be confirmed in writing to the Village by the bank or trust company.

Any obligation held in the custody of a bank or trust company shall be held pursuant to a written custodial agreement as described in Section 10(3)(a) of the General Municipal Law. The agreement shall provide that securities held by the bank or trust company, as agent of and custodian for, the Village, will be kept separate and apart from the general assets of the custodial bank or trust company and will not be commingled with or become part of the backing of any other deposit or other bank liability. The agreement shall also describe how the custodian shall confirm the receipt and release of the securities.

Such agreement shall include all provisions necessary to secure the Village's perfected interest in the securities and the agreement may also contain other provisions that the Village Board of Trustees deems necessary. The security and custodial agreements shall also include all other provisions necessary to provide the Village with a perfected interest in the securities.

The Village Treasurer, where authorized, can direct the bank or trust company to register and hold the evidences of investments in the name of its nominee, or may deposit or authorize the bank or trust company to deposit, or arrange for the deposit of any such evidences of investments with a federal reserve bank or other book-entry transfer system operated by a federally regulated entity. The records of the bank or trust company shall show, at all times, the ownership of such evidences of investments, and they shall be, when held in the possession of the bank or trust company, at all times, kept separate from the assets of the bank or trust company. All evidences of investments delivered to a bank or trust company shall be held by the bank or trust company pursuant to a written custodial agreement as set forth in Section 10(3)(a) of the General Municipal Law and as described earlier in this section. When any such evidences of investments are so registered in the name of a nominee, the bank or trust company shall be absolutely liable for any loss occasioned by the acts of such nominee with respect to such evidences of investments.

#### Courier Service

The Village Treasurer may, subject to the approval by resolution of the Village Board of Trustees, enter into a contract with a courier service for the purpose of causing the deposit of public funds with a bank or trust company. The courier service shall be required to obtain a surety bond for the full amount entrusted to the courier, payable to the Village and executed by an insurance company authorized to do business in the State of New York, with a claims-paying ability that is rated in the highest rating category by at least two nationally recognized statistical rating organizations, to insure against any loss of public deposits entrusted to the courier service for deposit or failure to deposit the full amount entrusted to the courier service.

The Village may agree with the depositary bank or trust company that the bank or trust company will reimburse all or part of, but not more than, the actual cost incurred by the Village in transporting items for deposit through a courier service. Any such reimbursement agreement shall apply only to a specified deposit transaction, and may be subject to such terms, conditions and limitations as the bank or trust company deems necessary to ensure sound banking practices, including, but not limited to, any terms, conditions or limitations that may be required by the Department of Financial Services or other federal or State authority.

#### Annual Review and Amendments

The Village shall review this investment policy annually, and it shall have the power to amend this policy at any time.

#### **Definitions**

The term "Village Treasurer" shall mean the person appointed to that position by the Village Board of Trustees, or any person authorized by law to perform the duties and/or functions stated in this policy. The terms "public funds," "public deposits," "bank," "trust company," "eligible securities," "eligible surety bond," and "eligible letter of credit" shall have the same meanings as set forth in Section 10 of the General Municipal Law.

#### Schedule A - Designation of Depositaries

The banks and trust companies that are authorized for the deposit of moneys and the maximum amount that may be kept on deposit at any time, together with the date authorized by adoption of a resolution by the Village Board of Trustees are as follows:

Depositary Name	Maximum Amount
Capital One Bank	\$12,000,000
Citibank	\$12,000,000
JPMorgan Chase Bank	\$12,000,000
Key Bank	\$12,000,000
Sterling National Bank	\$12,000,000
TD Bank	\$12,000,000

<u>Schedule B - Schedule of Eligible Securities for Collateralizing Deposits and Investments in</u> <u>Excess of FDIC Coverage</u>

Eligible Securities for Collateral	Percentage of Market Value
(i) Obligations issued, or fully insured or guaranteed as to the payment of principal and interest, by the United States of America, an agency thereof or a United States government- sponsored corporation.	100%
(ii) Obligations issued or fully guaranteed by the International Bank for Reconstruction and Development, the Inter-American Development Bank, the Asian Development Bank and the African Development Bank.	100%
(iii) Obligations partially insured or guaranteed by any agency of the United States of America, at a proportion of the market value of the obligation that represents the amount of the insurance or guaranty.	100%
(iv) Obligations issued or fully insured or guaranteed by the State of New York, obligations issued by a municipal corporation, school district or district corporation of this State or obligations of any public benefit corporation which under a specific State statute may be	
accepted as security for deposit of public moneys.	100%
(v) Obligations issued by states (other than the State of New York) of the United States rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization.	100% if rated in the highest category; 90% for 2nd highest; 0% for 3rd highest.
(vi) Obligations of the Commonwealth of Puerto Rico rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization.	100% if rated in the highest category; 90% for 2nd highest; 80% for 3rd highest.
(vii) Obligations of counties, cities and other governmental entities of another state having the power to levy taxes that are backed by the full faith and credit of such governmental entity and rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization.	100% if rated in the highest category; 90% for 2nd highest; 80% for 3rd highest.
(viii) Obligations of domestic corporations rated in one of the two highest rating categories by at least one nationally recognized statistical rating organization.	80%
(ix) Any mortgage-related securities, as defined in the Securities Exchange Act of 1934, as amended, which may be purchased by banks under the limitations established by federal bank regulatory agencies.	70%
(x) Commercial paper and bankers' acceptances issued by a bank (other than the bank with which the money is being deposited or invested) rated in the highest short-term category by at least one nationally recognized statistical rating organization and having maturities of no longer than 60 days from the date they are pledged.	80%
(xi) Zero-coupon obligations of the United States government marketed as "Treasury STRIPS."	80%

## **Capital Asset Policy**

This policy is to establish the principles related to the accounting and financial reporting of our capital assets.

Capital assets include land, land improvements, buildings, building improvements, construction in progress, machinery and equipment, vehicles, infrastructure, easements, and works of art and historical treasures. A capital asset is to be reported and, with certain exceptions, depreciated in government-wide statements. In the government-wide statements, assets that are not capitalized are expended in the year of acquisition.

Infrastructure assets are long-lived capital assets that normally can be preserved for a significant greater number of years than most capital assets and that are normally stationary in nature. Examples include roads, bridges, tunnels, drainage systems, water systems, and dams. Infrastructure assets do not include buildings, drives, parking lots or any other examples given above that are incidental to property or access to the property.

The Village Treasurer is responsible for the development and maintenance of a system to ensure an accurate, complete, and up-to-date record of capital assets. Completeness and accuracy should be ensured through physical counts, review of purchase records, prior inventory count records, listings maintained by other government agencies, and other methods deemed necessary.

A capitalization threshold is the cost established by the Village Treasurer that must be met or exceeded if an asset is to be recorded and depreciated as a capital asset. The capitalization threshold is based on the cost of a single asset. Assets that do not meet the capitalization threshold will be recorded as expenditures or expenses. The acquisition of land will be recorded regardless of cost. The capitalization threshold for depreciable land improvements, infrastructure, and buildings is \$50,000. The capitalization threshold for vehicles, machinery, equipment and furniture is \$10,000. For purposes of property control (insurance, security, etc.), the Village Treasurer and/or department heads may develop and maintain the appropriate record keeping system(s) to account for assets that do not meet the capitalization threshold.

Capital assets that meet the capitalization threshold will be recorded at the acquisition cost (for purchased items), the construction cost (for constructed items) or the fair market value on the date of donation (for donated items). The cost of a capital asset may include ancillary charges necessary to place the asset into its intended location and condition for use. Ancillary charges include costs that are directly attributable to asset acquisition or construction, such as freight and transportation charges, site preparation costs, and professional fees. Estimated historical cost may be used in those cases where the actual historical cost is not readily available. Estimated historical cost will be calculated using the current replacement cost of a similar asset and deflating this cost to the acquisition year (or estimated acquisition year) using a price-level index approved by the Village Treasurer.

Depreciable (exhaustible) capital assets will be depreciated over their estimated useful lives, as established by the Village Treasurer, using the straight-line method of depreciation. The Village Treasurer may, but is not required to, assign a salvage value to depreciable capital assets. In no event shall the useful life of a capital asset financed by debt be less than the period of probable usefulness established for debt purposes as found in Section 11 of the New York State Local Finance Law.

The Village Treasurer will maintain an inventory of capital assets. Each inventory record should include a description, the year and method of acquisition (e.g., purchase, donation, etc.), funding source, cost or estimated cost, salvage value, estimated useful life and the function(s) that use the asset. The Village Treasurer and/or department heads, may, but are not required to, maintain an inventory of non-capital assets for property control

Land is to be recorded regardless of cost and capitalized but not depreciated. Land is recorded at historical cost and remains at that cost until disposal.

Land improvements include items such as excavation, non-infrastructure utility installation, driveways, sidewalks, parking lots, flagpoles, retaining walls, fencing, outdoor lighting, and other non-building improvements intended to make the land ready for its intended purpose. Land improvements are further categorized as non-exhaustible and exhaustible. Land improvements that do not require maintenance or replacement, expenditures to bring land into condition to commence erection of structures, expenditures for improvements not identified with structures, and expenditures for land improvements that do not deteriorate with use or passage of time are additions to the cost of land and are generally not exhaustible and therefore not depreciable. Land improvements that are part of a site, such as parking lots, landscaping and fencing, are usually exhaustible and are therefore depreciable. Depreciation of site improvements is necessary if the improvement is exhaustible.

Buildings will be recorded at cost and depreciated. The cost should be carefully evaluated to determine if a significant portion of the cost includes other major capital assets (such as land or land improvements), or major building components (such as a roof or HVAC system), should be valued and recorded as separate assets.

Building improvements that meet the capitalization threshold and extend the useful life of a building should be capitalized. Examples of building improvements include roofing projects, major energy conservation projects, or remodeling and replacing major building components.

Construction in progress, where it is anticipated that the final total cost at completion of construction meets the capitalization threshold of the constructed asset, should be capitalized and not depreciated.

Furniture, machinery, vehicles and equipment that meet the capitalization threshold will be recorded at cost and depreciated. Improvements to furniture, machinery, vehicles and equipment that meet the capitalization threshold and extend the useful life of such asset should be capitalized. The Village may, but is not required to, aggregate the fiscal year cost and capitalize assets that individually would not meet the capitalization threshold (such as computers or lawnmowers), after determining the significance or materiality of the aggregated cost.

Depreciation is not required for collections or works of art that are inexhaustible.

Capital assets will be recorded and reported in the appropriate funds or records in accordance with generally accepted accounting principles. The Village Treasurer will establish and maintain the record keeping system necessary to allow for the accounting, auditing, and reporting of such assets, including depreciation.

## **Debt Management Policy**

Debt is an effective way to finance capital improvements or to even out short-term revenue flows. Properly managed debt preserves our credit rating, provides flexibility in current and future operating budgets and provides us with long-term assets that maintain or improve our quality of life. To provide for the appropriate issuance and responsible use of debt, the Village has adopted the following debt management policy statements:

- Debt will be issued only for objects or purposes having a period of probable usefulness of at least five years under New York State Local Finance Law.
- Short-term debt may be issued to finance current operating expenditures only in the event of extreme financial emergency or in anticipation of grant reimbursements.
- Whenever appropriate, the Village should issue debt that can be repaid from special assessments or revenues, grants in aid, or sources other than a general levy of real property taxes.
- Whenever appropriate, the Village should obtain cost beneficial financing through governmental agencies and other resources (such as the NYS Environmental Facilities Corporation).
- The maturity of debt issued for the acquisition or construction of capital assets will not exceed the lesser of the useful life of the capital asset, or the period of probable usefulness of the object or purpose as defined in New York State Local Finance Law.
- The Village will seek the advice of bond counsel prior to the issuance of any debt.
- The annual operating budgets of all funds will be maintained so as to ensure the full and timely repayment of debt principal and interest due that year.
- As required under Section 104 of the New York State Local Finance Law, the total amount of outstanding debt will not exceed 7% of the Village's five-year average full valuation.
- In accordance with Securities and Exchange Commission (SEC) Rule 15Ba1-1, no one other than a Village employee, or a municipal (financial) advisor registered with the SEC, is authorized to provide advice to or on behalf of the Village with respect to municipal financial products or the issuance of Village debt, including advice with respect to the structure, timing, terms, and other similar matters concerning such products or debt.

Good communications will be maintained with bond rating agencies, bond counsel, banks, municipal advisors and others involved in debt issuance and management. The Village Treasurer or his/her designee shall be the Village's representative in official matters involving Village debt and shall determine who should participate in communications with rating agencies concerning Village debt. The Village Treasurer shall coordinate and participate in communications between and among other Village officials and the Village's bond counsel, municipal and financial institutions concerning Village debt. Our audited financial reports and official statements will reflect our commitment to full and open disclosure concerning our debt.

## **Expenditure/Expense Policy**

Expenditures/expenses are a rough measure of a local government's service output. While many expenditures/expenses can be easily controlled, emergencies, unfunded mandates and unanticipated service demands may strain our ability to maintain a balanced budget. To ensure the proper control of expenditures/expenses and provide for a quick and effective response to adverse financial situations, the Village has adopted the following expenditure/expense policy statements:

- Expenditures/expenses and purchase commitments will be made in a form and process that is legal, appropriate, funded, authorized and sufficiently documented.
- Expenditures/expenses and purchase commitments will be recorded in an accurate and timely fashion.
- The review and approval process for all claims made against the Village shall be as follows:
  - Departments must issue purchase orders as required under our procurement policy. Departments are encouraged to issue purchase orders whenever practicable, even if they are not required.
  - Properly completed claims must be prepared and submitted to the Treasurer's office by the department responsible for originating the claim. A properly completed claim must include, but is not limited to, the vendor's name and address, date of claim, explanation, accounts to be charged, department authorization signature and sufficient documentation. Sufficient documentation means that a person unfamiliar with the transaction would understand what was ordered, when, by whom, from what vendor, at what price, when the goods or services were delivered, who accepted delivery and who authorized payment. Typical documentation includes copies of purchase orders, invoices and/or statements, Village Board resolutions awarding bids, state contracts, records of quotes received, receiving slips, correspondence and other communications.
  - The Village Treasurer's office will issue checks promptly for all claims properly completed and submitted.
- The balances in appropriation accounts will be monitored regularly to ensure that the total of expenditures/expenses and purchase commitments in any account do not exceed the authorized budget for that account.
- Requests for competitive bids, proposals, formal and informal quotes and other methods of seeking and encouraging vendor competition will be obtained as required by law or otherwise established by the Village Board or Village Treasurer.
- Arrangements will be encouraged with other governments, private individuals and firms to contract out or cooperatively deliver services in a manner that reduces cost and/or improves efficiency and effectiveness while maintaining service quality.
- The full direct and indirect costs will be calculated for any service provided for a fee or charge, or where there is a potential for the reimbursement of such costs.
- We will maintain an effective risk management program that provides adequate coverage, minimizes losses, and reduces costs.
- All appropriations shall lapse at the close of the fiscal year to the extent that they shall not have been expended or encumbered.

## Village Credit Card Policy

When employees need to make certain purchases, it is often more convenient, and sometimes required, for them to pay with a credit card, rather than go through the normal procurement process of submitting a purchase requisition. The use of a credit card can also make the process of purchasing several small items more efficient and effective, ultimately saving time and money.

The cost of this convenience and increase in efficiency is the heightened risk of inappropriate spending, such as wasteful or personal purchases. To ensure that credit cards are used only for approved and necessary expenses, the Village has established the following credit card policy and system of internal controls as regards Village credit cards:

- Village credit cards must be authorized by the Village Board.
- The Village Treasurer or his/her designee are the only persons who serve as the Village's liaison with financing institutions and others for the issuance of Village credit cards.
- The Village Treasurer is responsible for the development and maintenance of a system for the issuance and use of Village credit cards.
- Village credit cards will be issued in the names of the employees for better accountability.
- Village credit card holders will be trained in the use of a Village credit card and acknowledge in writing that they understand their responsibilities.
- A Village credit card may only be used for official Village business purchases. The use of Village credit cards for personal expenses is prohibited, with no exceptions.
- Village credit card holders will be responsible for any charges on their card that is disputed (hereinafter known as "unauthorized charges") by the Village Treasurer or Village Board and must agree to allow the Village to withhold the amount of any unauthorized charges from the cardholder's paycheck.
- No Village credit cards will be issued that allow cash advances.
- No Village credit cards will be issued that allow cash back from purchases to any individual or entity, other than the Village.
- The Village Treasurer may establish the terms and conditions of each Village credit card issued, including but not limited to credit limits and balances, authorized vendors and types of purchases.
- The Village credit card holder is responsible for keeping his/her Village credit card in a secure location at all times to prevent unauthorized use.
- The Village Clerk will maintain a log for the use of Village credit cards shared by more than one employee.
- As with all purchases, procurement duties among employees, such as approval, verification and payment of Village credit card claims/vouchers will be segregated.
- Village credit card holders are never allowed to review and approve their own purchases.
- To the extent practicable, billing statements will be detailed and summarized by Village credit card holder and department.
- A copy of the Village credit card holder's monthly statement will be provided to his/her department head. The department head will review the statement, and after conferring with the Village credit card holder (if necessary), but no later than five business days of receipt of the statement, submit a claim voucher with full documentation to the Village Treasurer's office. "Full documentation" includes all the information necessary for a person unfamiliar with the transaction to reconstruct the transaction (the "who, "what," "when," "where" and "why" of the transaction), which includes but is not limited to copies of requisitions, purchase orders, invoices, receipts, receiving slips, etc. If an expense is incurred that involves someone other than the Village credit card holder, the Village credit

card holder must provide the name(s) of anyone who incurred the expense. For example, if food was supplied at a meeting, indicate who was there. The Village credit card holder, his/her department head, and the Village Treasurer's office are required to review Village credit card billing statements for unusual destinations or purchases

- The Village Treasurer's office will pay all monthly statements in a timely manner and advise the credit card issuer of any disputed charges. Automatic payment deductions will not be used to pay credit card bills. Unauthorized charges will be recovered from the Village credit card holder. If necessary, the Village Treasurer is authorized to deduct the amount of unauthorized charges to be recovered from the Village credit card holder's paycheck.
- The Village credit card holder is responsible for immediately reporting to the Village Treasurer a lost or stolen Village credit card. As soon as practicable after notification or knowledge, the Village Treasurer will cancel any Village credit card reported as lost or stolen.
- The Village Treasurer will cancel Village credit cards when the Village credit card holder has left employment with the Village. The Village Treasurer is authorized to cancel or modify the terms and conditions of any and all Village credit cards, at any time, at his/her discretion, with or without cause.
- Any Village credit card holder found guilty of illegal or unauthorized use of a municipal credit card may be subject to penalties allowed by law and/or disciplinary action(s) up to and including termination.

## **Operating Position Policy**

Operating position refers to the Village's ability to balance its budget on a current basis, maintain reserves for emergencies, and maintain sufficient cash to pay its bills on a timely basis. Our operating position policy requires that:

- With the exception of grants, gifts, or other revenues that may be used to pay recurring expenditures, only recurring revenues will be used to pay recurring expenditures.
- Encumbrances represent commitments related to unperformed contracts for goods or services and will be recorded when incurred. Encumbrances outstanding at year-end will be reported in accordance with generally accepted accounting principles.
- The Village will strive to maintain the fund balance of the General Fund at a level of at least 20% of the total General Fund appropriations
- Fund balance should be used for capital, emergency, non-recurring expenditures. Fund balance should not be used to pay recurring expenditures/expenses.

## **Procurement Policy**

The adoption of a procurement policy confirms the commitment of a local government to ensure that its procurements of goods and services are made legally, fairly, prudently, competently, and at the lowest possible cost offered by responsible vendors. This procurement policy, Sections 103 through 109 of the General Municipal Law and publications of the Office of the State Comptroller and professional associations provide guidance to those Village officials and employees involved in the procurement process.

The requirements set forth in this Procurement Policy shall be deemed to be the minimum requirements for procurement. All procuring officials shall use their best efforts to investigate alternative suppliers to facilitate the acquisition of goods and services of maximum quality at the lowest possible cost and to avoid even the appearance of favoritism, extravagance, fraud, or corruption. The Village has adopted the following procurement policy statements in accordance with Section104-b of the General Municipal Law (GML):

The Village Treasurer and/or his/her designee shall be responsible for the implementation and enforcement of this Procurement Policy, and is authorized to establish, maintain and enforce the necessary and desired systems and procedures to ensure compliance with this Procurement Policy.

Every procurement to be made must be initially reviewed to determine whether it is a purchase contract (a contract that only involves the procurement of commodities) or a public works contract (a contract that only involves the procurement of services, or a combination of services and commodities). Once that determination has been made, a good faith effort will be made to determine whether it is known or can reasonably be expected that the aggregate amount to be spent on the commodities and/or services is subject to competitive bidding pursuant to Section103 of the General Municipal Law, taking into account the estimated aggregate amount that will be spent on same or similar commodities or services in the 12 month period immediately following the procurement.

All procurements of commodities and/or services having a value of \$2,000 or more will be secured by use of competitive sealed bids, written requests for proposals or quotations, a written record of verbal requests for quotations, or any other method that assures that the commodities and/or services will be procured in accordance with law and this Procurement Policy, at the lowest price or best value offered by a responsive and responsible bidder or offeror, and that avoids the appearance of impropriety or favoritism.

The following items are not subject to competitive bidding pursuant to Sections103 and 104: of the General Municipal Law:

- purchase contracts under \$20,000 and public works contracts under \$35,000;
- emergency procurements;
- goods procured from agencies for the blind or severely handicapped;
- goods procured from correctional institutions;
- procurements using contracts let the United States or any agency thereof;
- procurements using contracts let by any state or any political subdivision or district therein;
- surplus and second-hand procurements from another governmental entity..

The decision that a procurement is not subject to competitive bidding will be documented in writing and made part of the procurement record by the department head or an individual authorized by the department head to make a procurement (authorized purchasers).

The following method of procurement will be used in order to achieve the highest savings:

For Purchase Contra \$0 - \$1,999 \$2,000 - \$3,999 \$4,000 - \$19,999 \$20,000 and above	icts: No quotes or proposals required A written record of three verbal quotes or proposals Three written (letter, fax, or e-mail) proposals or quotations Competitive bidding
For Public Works Co	ntracts:
\$0 - 3,499	No quotes or proposals required
\$3,500 - \$6,999	A written record of three verbal quotes or proposals
\$7,000 - \$34,999	Three written (letter, fax, or e-mail) proposals or quotations
\$35,000 and above	Competitive bidding

A good faith effort shall be made to obtain the required number of proposals or quotations. If the authorized purchaser is unable to obtain the required number of proposals or quotations, the authorized purchaser will document in writing the attempts made at obtaining the proposals or quotations. In no event shall the failure to obtain the proposals be a bar to the procurement.

As an alternative to lowest responsible bidder awards, purchase contracts (including contracts for service work, but excluding any purchase contracts necessary for the completion of a public works contract pursuant to Article 8 of the Labor Law) may be awarded on the basis of "best value", as defined in State Finance Law §163, to a responsive and responsible offeror.

If any contract is awarded to someone other than the lowest responsible bidder or best value offeror, the authorized purchaser shall document in writing the reason(s) that such an award was made and how such an award furthers the purposes of General Municipal Law.

Purchase orders are required for commodities or services having a value of \$2,000 or more, including but not limited to contracts for professional and other services, except for the following:

- Salaries and employee benefits.
- Reimbursement of employee expenses.
- Reimbursement of petty cash funds.
- Utilities, including but not limited to electric, gas, water, sewer, telephone and cable television services.
- Interfund or interdepartmental charges.
- Medical examinations.
- Legal notices.
- Claims for food for prisoners.
- Postage meter costs.
- Real property taxes and assessments.

Pursuant to Section 104-b(2)(g) of the General Municipal Law, the Village Board has determined that competitive bids are not required and contracts may be awarded to other than the lowest responsive and responsible bidder/proposer for the following types of procurements:

• Professional services (services requiring special or technical skill, training or expertise), where the individual or company is selected based on accountability, reliability,

responsibility, skill, education and training, judgment, integrity and moral worth. These qualifications are not necessarily found in the individual or company that offers the lowest price and the nature of these services are such that they do not readily lend themselves to competitive bidding. Professional services include, but are not limited to the services of accountants, architects, attorneys, computer or technology consultants, engineers, municipals, grant writers, insurance agents or consultants, investment managers or consultants, and physicians. In determining whether a service fits into this category, the Village Board shall take into consideration the following:

- Whether the services are subject to New York State licensing or testing requirements;
- Whether substantial formal education or training is a necessary prerequisite to the performance of the service; and
- Whether the service requires a personal relationship between the individual and municipal officials.
- Emergency procurements pursuant to Section 103(4) of the General Municipal Law. Due to the nature of this exception, these goods or services must be procured immediately and without delay for the protection of life and/or property. This action does not preclude alternate proposals if time permits.
- Goods or services under \$1,000. The time and documentation required for procurement may be costlier than the item itself and would, therefore, not be in the best interests of the Village. In addition, it is not likely that such de minimis contracts would be awarded based on favoritism.

It is the responsibility of the authorized purchaser, prior to making a procurement, to ensure that:

- The procurement is in conformance with federal, state, and local laws, rules, and regulations, including but not limited to any grant or aid requirements, and this Procurement Policy
- Any necessary approvals or authorizations, including but not limited to financing of the procurement by debt, grants in aid, or currently available funds are in place as may be required by any federal, state, or local agency, including but not limited to the Village Board
- The appropriate accounts are charged and have an unencumbered (available) budget amount sufficient to fund the procurement
- Any budget transfers or amendments needed to fund the procurement have been approved and entered by the Village Treasurer's office.

It is the responsibility of the department head and all employees involved in the procurement process (ordering, receiving, approval of invoice, etc.) to ensure that claims received for payment are reviewed and processed in an accurate, complete and prompt manner, and forwarded to the Village Treasurer's office with all necessary documentation for payment as soon as possible thereafter, so as to ensure prompt and timely payment to vendors and contractors.

It is the responsibility of the department head to ensure that the procurement record of any procurement made by his/her department is sufficiently documented. "Sufficiently documented" means that a person unfamiliar with the transaction would understand the transaction, including, but not limited to the nature and purpose of the transaction, parties involved, goods or services ordered and delivered, itemized and total costs, accounts charged, person(s) who authorized the purchase, person(s) who confirmed receipt of the goods or services, and the date of each material event in the procurement process.

Retainage will be withheld and released in accordance with contract or legal requirements. As such, contracts requiring retainage and legal requirements to withhold retainage (such as federal, state, or local laws, Department of Labor or other official agency notices, mechanics or other liens, grant agreements, etc.) must be thoroughly reviewed and understood so that retainage is withheld and released in accordance with such requirements.

Blanket purchase orders are open-ended purchase orders issued to vendors and contractors for the purpose of consolidating numerous purchases over the course of a fiscal year. Blanket purchase orders eliminate the issuance of separate purchase orders for groups of items which are purchased frequently from the same vendor, and permit departments to purchase items of this nature on an "as needed" basis. A change order must be submitted to the Village Treasurer whenever the remaining amount allowed on the blanket purchase order is exceeded. All outstanding blanket purchase orders will be canceled ("liquidated") at the end of each fiscal year.

A change order is a properly prepared and authorized document that directs and authorizes a contractor or vendor providing goods or services to change the quantity, character, and/or price of the goods or services to be provided from those originally specified or estimated. Proposed change orders are to be submitted to the Village Treasurer for review and approval prior to confirming the change with the contractor or vendor.

Periodically and at least annually, the Village Treasurer shall carefully review all outstanding purchase orders, and after such review, shall be authorized to close ("liquidate") any outstanding purchase orders that, in the sole discretion of the Village Treasurer, no longer represent a valid procurement purpose. The Village Treasurer will confer with the appropriate department head(s) prior to closing such purchase orders to the extent that doing so is economical, reasonable, and practicable.

The justification and reasons for any variance from this Procurement Policy will be documented in writing and made a part of the procurement record. Procurement records will be retained as required by New York State record retention laws, or longer, as required by another federal, state, or local law, rule or regulation, the terms and conditions of any debt covenants, grantor agreements, or other legal or contractual obligation.

The unintentional failure to comply with this procurement policy or the provisions of Section104b of the General Municipal Law shall not be grounds to void action taken or give rise to a cause of action against the Village or any officer or employee of the Village.

This policy shall be periodically and at least annually reviewed and updated as necessary or desired.

## **Revenue Policy**

Revenues determine the capacity of a local government to provide services. Under ideal conditions, revenues would grow at a rate equal to or greater than expenditures/expenses. To ensure that our revenues are balanced and capable of supporting our desired levels of services, the Village has adopted the following revenue policy statements:

- Each year and whenever appropriate, existing revenues will be re-examined and possible new sources of revenues will be explored to ensure that we are maximizing our revenue potential.
- Legally restricted revenues will be avoided when they adversely affect the short- or longterm financial health of our government.
- We will strive to be informed and aware of all grants and other aid that may be available to us. All potential grants and other aid shall be carefully examined for restrictive covenants and matching dollar or level-of-effort requirements to ensure that our participation in such grants will be beneficial and cost-effective.
- Each year and whenever appropriate, intergovernmental revenues will be reviewed to determine their short- and long-term stability, to minimize the impact of any adverse changes. Intergovernmental revenues shall be used as legally prescribed or otherwise set forth by policy.
- A balance will be sought in the revenue structure between elastic and inelastic revenues, to minimize any adverse effects caused by inflationary or economic changes.
- One-time revenues will be used for the payment of debt, capital improvements, or as legally restricted to a specific purpose.
- We will carefully and routinely monitor any amounts due to us. An aggressive policy of collection will be followed for all receivables.
- Revenues of the Water Fund and Sewer Fund will be set so as to generate sufficient revenue sufficient to recover their operating and capital costs.
- Revenue forecasts shall be conservative, using generally accepted forecasting techniques and appropriate data.
- Each year and whenever appropriate, we will review our schedule of fees and related administrative procedures.

## **Travel Expense Policy**

An authorized official or employee of the Village of Suffern on official Village business will be reimbursed for the actual, reasonable, and necessary business-related expenses incurred by that traveler. This includes, but is not limited to, transportation, mileage, tolls, parking, meals, lodging, registration fees, and meeting/training materials. Travel requiring overnight stay must be approved by the Village Board. The Mayor, members of the Village Board, officers, and department heads are approved for travel not requiring overnight stay. All other travelers must be approved by the Mayor or the employee's department head for travel not requiring overnight stay.

Mileage for the use of a personal vehicle for official Village business will be reimbursed at the IRS standard business mileage rate in effect at the time of travel as measured round trip from Village Hall to the official business destination. In lieu of actual receipts, business-related expenses for lodging, meals, and incidentals may be reimbursed at the GSA rates in effect for the official business destination at the time of travel. Transportation, lodging, meals, and other costs that are

already included in the cost of registration or other fees paid for by the Village will not be reimbursed. The Village will not pay or reimburse for the cost of alcoholic beverages.

Gratuities will be reimbursed within the following ranges:

- Meals (not already included in registration fees) 15%-20% of pretax bill
- Bag handling \$2-\$3 per bag
- Parking attendant \$2-\$3 when vehicle is retrieved
- Housekeeping \$3-\$5 per day
- Shuttle bus \$3-\$5 per trip
- Taxi/ride sharing 15%-20%

In making travel arrangements, the traveler is responsible for supplying vendors with the appropriate Village tax-exempt form (ST-129 for lodging and AC-946 for all other items). Failure to do so may result in the traveler not being reimbursed for New York State sales and use taxes paid.

To be reimbursed, the traveler must prepare an expense report listing the business-related expenses, the amount spent for each expense, and a justification if it is for anything other than lodging, meals, mileage, tolls, and parking. The traveler must attach all relevant receipts to the expense report. The department head is responsible for reviewing the expense report and associated receipts, to ensure that the expenses are actual, reasonable, and necessary business-related expenses incurred by the traveler while on authorized official Village business. The department head must attach the expense report and receipts and submit them with a voucher approving the expenses to the Office of the Village Treasurer. The Village Treasurer will process the voucher and reimbursement to the traveler.

### **Periodic Review**

This Comprehensive Financial Policy Document, and each of the policies contained within, shall be reviewed by the Village Board at least annually. Comments, questions and suggestions concerning this Comprehensive Financial Policy Document may be directed to:

## **BUDGET RESOLUTIONS**

#### **RESOLUTION NO. 072 OF 2024**

#### RESOLUTION ADOPTING CHANGES TO THE TENTATIVE BUDGETS FOR FISCAL YEAR ENDING MAY 31, 2025

**WHEREAS**, Section 5-508 of Village Law provides that the 2024-2025 budget for fiscal year ending May 31, 2025, must be adopted on or before May 1, 2024; and

**WHEREAS**, the 2024-2025 Tentative Budgets ("Tentative Budgets") were transmitted by the Mayor to the Village Clerk on March 4, 2024; and

**WHEREAS**, the Tentative Budgets were transmitted by the Village Clerk to the Village Board on March 4, 2024; and

WHEREAS, a public hearing on the Tentative Budgets was held on April 15, 2024; and

**WHEREAS**, a public hearing on the proposed 2024-2025 water rates and the proposed 2024-2025 sewer rates was held on April 15, 2024; and

**WHEREAS**, members of the Village Board have considered various amendments to the Tentative Budgets.

**NOW, THEREFORE, BE IT RESOLVED**, that the Village Board of the Village of Suffern hereby adopts the following amendments to the Tentative Budgets as presented below.

General Fund:	
Increase Taxable Assessed Valuation	\$120,755
Increase Real Property Taxes	\$10,000
Increase A1990 Contingent Account	\$40,000
Decrease A3120.2 Police Equipment	\$30,000
Increase Curbside Solid Waste Units to be Serviced	1
Decrease Curbside Solid Waste Annual Service Charge per Unit	\$1
Increase Container Solid Waste Appropriations	\$70,092
Increase Container Solid Waste Annual Service Charge per Unit	\$41

A motion to approve the foregoing resolution was made by Trustee Alpert and seconded by Trustee Osborn, with all in favor.

Adopted: April 29, 2024

#### VILLAGE OF SUFFERN

#### LOCAL LAW NO. 3 OF 2024

#### A LOCAL LAW ESTABLISHING SEWER RENTS FOR THE 2024-2025 FISCAL YEAR

**BE IT ENACTED** by the Board of Trustees of the Village of Suffern as follows:

Section 1. Section 220-44 of the Code of the Village of Suffern is hereby amended to provide as follows:

A. The sewer rent shall be established and may be changed by local law following a public hearing thereon. The sewer rate shall be \$17.57 per 100 cubic feet of water consumed for properties located in the Village of Suffern.

B. The minimum sewer rent shall be \$50 per billing period for properties located in the Village of Suffern.

C. The Board of Trustees may allow properties located outside the corporate limits of the Village of Suffern to access and utilize the Village sanitary sewer system if it is determined that all aspects of the system possess sufficient excess capacity. If it is subsequently determined that any aspect of the system capacity is insufficient, the Village may terminate such outside access and utilization of the Village sanitary sewer system upon such notice as the Board of Trustees deems to be reasonable. Such outside users shall be charged at the rate of \$21.96 per 100 cubic feet of water used as reflected on the bill provided by their water supplier. Such user shall provide copies of such water bills to the Village Clerk within five days of receipt of the same in order for the Village to calculate the applicable sewer rent. If the outside user fails to do so, the Village will render an estimated sewer rent. If such outside user fails to provide such water bill upon demand, the Village may terminate service upon 30 days' written notice. In any event, the minimum bill chargeable to an outside user shall be \$75 per billing period.

Section 2. This local law shall take effect immediately upon filing with the Secretary of State.

#### **RESOLUTION NO. 075 OF 2024**

#### A RESOLUTION ADOPTING LOCAL LAW NO. 4 OF 2024 ESTABLISHING WATER RATES FOR THE 2024-2025 FISCAL YEAR

**BE IT ENACTED** by the Board of Trustees of the Village of Suffern as follows:

WHEREAS, a public hearing on a local law establishing the 2024-2025 water rates was

duly noticed for a public hearing to be held on April 15, 2024; and

WHEREAS, a public hearing was conducted on April 15, 2024, on said local law, the

public had an opportunity to comment thereon, and the public hearing was closed.

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of the Village of

Suffern that Local Law No. 4 of 2024, establishing water rates for the fiscal year 2024-2025 is

hereby adopted and the Village Clerk is instructed to file the same with the Secretary of State.

Adopted: April 29, 2024

#### VILLAGE OF SUFFERN

#### LOCAL LAW NO. 4 OF 2024

#### A LOCAL LAW ESTABLISHING WATER RATES FOR THE 2024-2025 FISCAL YEAR

BE IT ENACTED by the Board of Trustees of the Village of Suffern as follows:

Section 1. Section 261-15(A)(1) and (2) of the Code of the Village of Suffern is hereby amended to provide as follows:

Water rates. Water rates will be charged as follows: For consumers within the Village:

(a) For the first 10 units or fraction thereof: \$50 minimum charge;

(b) For that portion over 10 units and less than 71 units: \$4.66 per unit;

- (c) For that portion over 70 units: \$6.09 per unit.
- (2) For consumers outside the Village limits:

(a) For the first 10 units or fraction thereof: \$75.

(b) For that portion over 10 units: \$6.99 per unit.

Section 2. This local law shall take effect immediately upon filing with the Secretary of State.
