This has to do with you are allowed one commercial vehicle for every home, if it is past the line of your house. We are finding people are trying to hide this by using car covers. We are adding to the law that you must keep your plate where it is visible to a Code Enforcer or someone else that might be going by. Also, that the car cover must be in good repair and approved by the Building Inspector or Code Enforcer.

With the retirement of Johnny Conklin, we need someone with a 1B License to operate the water treatment plant. There is someone who is not ready yet with that full license who has been working for years. He needs to take one more test and approval till he is ready to move on. At some point we might have someone from the inside doing it, instead of an outside agency. H2O currently has been working with our sewer plant for many years and is a very competent company.

If someone doesn't get a permit for their roof, we have set up a fee schedule, which is something that we did within the last year or so. We are realizing the roof is an issue where your actual taxes don't go up, like when you do a major renovation. We have a lot of residents that don't understand about roofs, they think it is a common thing to repair or fix their roof. ~~We~~ You will still need to get a permit for work on your roof, but the fee, if we catch you after the fact, is going to be \$50.

TRUSTEES

Alpert: Wanted to extend his condolences to the Meehan family. Jack was a very kind man, and he taught me the ropes -- the first time I ran for Trustee, I ran with him, I learned so much and he was generous with his time explaining the process and how it works. I was just thinking about him this morning and then I found out about his passing this afternoon. I will miss him and my condolences to his family.

Curley: They don't have any arrangements as of yet, they are going to plan something down the line. He had a brother that was an attorney, the head DA in Rockland County as well as a judge.

I think he had another brother that was the playwright of the play Annie that was on Broadway. It is always a loss to a community, people with that kind of history and love for our community.

ADJOURNMENT

A motion to adjourn the meeting at 5:26 P.M. was made by Trustee Alpert, seconded by Trustee Meegan-Corrigan, with all in favor.

Respectfully,
Betty Vanderbeek, Village Clerk
